# WHO ARE WE?

## PASSPORT TO SUCCESS

Passport To Success is a scheme set up by our Enrichment Team at Shireland Collegiate Academy Trust.

The scheme was set up for parents and carers of our students who attend schools within our Trust to recognize outstanding contributions to school and family life and the local community.

During this national Lockdown it is difficult to find activities to keep children entertained. This booklet is packed full of different activities including music art, and some well-being activities.

### Please contact us!

We are here to support you, if you are struggling and need the extra support, please do contact us. We understand that this national lockdown is difficult for all, so we are here if you need us, even if its for a quick chat.

# GAMES AND ACTIVITIES

## Peppa Says Copying game

For this game you'll need at least two people. To prepare cut out the action cards and find an open space indoors or outdoors where there is enough room to move around a bit.

Choose one person to be the caller (perhaps an adult or an older sibling). They choose an action card and read it aloud so that the other players can copy it- but there's a catch! The players should only copy the action if the caller says 'Peppa says' before it.

# MOTOR SKILLS

## Pencil Control

This is excellent resource that gives your children the opportunity to show how well they're doing with pencil control.

# ARTS AND CRAFTS

## Handprint Monkey:

Why not trying to make a handprint monkey! Or try and think of other animals you can make with your handprint.

### Supplies

- A4 paper
- Paint (brown and green)
- Paintbrushes
- Shallow tray or plate
- Scissors
- Glue
- Green wool

- Googly eyes
- Felt-tip pens
- Monkey face template

- 1 First, paint your hand using a brush and some paint or dip your hand into a shallow tray/plate of paint. Next, gently press your hand onto the middle of a piece of paper. Remove your hand and allow the print to dry. Don't forget to wash your hands!

- 5 Stick some googly eyes onto the monkey's face.

- 2 Carefully use a little more brown paint to paint on a tail opposite to your thumbprint.

- 6 Next, put a little glue along the top of the page, near to your printed fingers. Then lay some green wool onto the glue as vines for your monkey to climb!

- 3 If you have used the black and white version, you may wish to colour or paint your monkey's face before carefully cutting out the template.

- 7 Once the glue is dry, dip a finger into some green paint and print some leaves along the woolly vines. Leave to dry and wash your hands.

- 4 Once the handprint is dry, stick the monkey's head on top of your thumb. The monkey's legs (your printed fingers) should be at the top of the page.
